Bedding

	Size	Price	Stock Level
Alyssum 'Gold Cushion' - Code: 31581	2L	£7.00	0-5
Chrysanthemum Pot - Code: 67262 <i>Short-lived perennial grown for their flowers in autumn and spring. Will remain in flower over a mild winter. Plant in any position in rich soil.</i>	7.5L	£15.00	5-10
Cosmos bipinnatus Sonata Series - Code: 44633	1L BEDDING	£3.00	0-5
Cyclamen - Code: 42752 <i>Beautiful scented flowering plant ideal for brightening pots and beds. Will survive a light frost but best planted in pots near the house in full sun or light shade.</i>	1L	£4.00	0-5
Fuchsia - Cane - Code: 59692 <i>Deciduous shrub producing showy pendent flowers during summer.</i>	2L CANE	£22.00	0-5
Leucophyta (Calocephalus) brownii - Code: 47846	10.5cm	£2.00	0-5
Osteospermum - Code: 69146	2L	£8.00	5-10
Primula acaulis Primlett Series - Code: 50450 <i>Clusters of scented blooms look like mini-rose bouquets. Works well in solo planters and small mixed combinations for late Winter and early Spring programs. Also long-lasting as an indoor house plant.</i>	10.5cm	£1.50	10+
Primula veris - Red - Code: 15137	1L	£4.00	5-10
Solanum pseudocapsicum 'Venus' - Code: 75021	1L	£4.00	5-10

Climbers

	Size	Price	Stock Level
Actinidia kolomikta - Code: 12327 <i>Deciduous, woody stemmed, twining climber with 8-16cm long leaves, the upper sections often creamy white and pink. Has small, cup-shaped white flowers in summer, male and female on separate plants. Requires full sun and well drained soil.</i>	3L	£16.00	0-5
Chaenomeles speciosa 'Friesdorfer' - Code: 62506 <i>A spreading shrub of tangled growth, with spiny branches bearing simple, oval leaves and salmon pink flowers 4cm wide in spring. Full sun to partial shade on any well drained soil. Height 2m Spread 3m</i>	10L	£38.00	0-5
Clematis × cartmanii 'Avalanche' (Fo/m) - Code: 73528 <i>Trailing or scrambling evergreen non clinging climber. deeply dissected glossy, leathery, deep-green leaves. Panicles of pure white flowers to 4cm across, in early to mid spring. Attractive fluffy seed heads last into summer</i>	2L	£17.00	0-5
Clematis armandii (Cane) - Code: 58385 <i>Strong growing, evergreen, early-flowering, clematis. Height: 3-5m Spread: 2-3m. Frost hardy. May be grown in shade or full sun, prefers rich, well-drained soil with roots shaded.</i>	8L CANE	£56.00	0-5
Clematis armandii 'Snowdrift' - Code: 40619 <i>Strong growing, evergreen, early-flowering, clematis. Height: 3-5m Spread: 2-3m. Frost hardy. May be grown in shade or full sun, prefers rich, well-drained soil with roots shaded.</i>	3.5L Deep 60-80cm	£26.00	0-5
Clematis armandii 'Snowdrift' - Code: 68897 <i>Strong growing, evergreen, early-flowering, clematis. Height: 3-5m Spread: 2-3m. Frost hardy. May be grown in shade or full sun, prefers rich, well-drained soil with roots shaded.</i>	2L Deep 60-80cm	£16.00	0-5
Clematis 'Freda' (M) (Frame) - Code: 41995 <i>'Freda' is a fast-growing climber to 7m, with bronze young foliage and single, deep cherry-pink flowers 5cm across, each petal with a paler central band and surrounding a boss of cream stamens and flowering late spring to early summer.</i>	FRAME	£60.00	0-5
Clematis 'Hagley Hybrid' (LL) - Code: 13612 <i>A well-loved variety for its compact habit and free-flowering nature. Throughout summer, it is covered in rosy-mauve flowers which need to be given some shade to produce the best colouration. As with all the late-flowering clematis, pruning is easy. Simply cut back the stems to a pair of strong buds 15-20cm (6-8in) above ground level before growth begins in early spring.</i>	4L	£15.00	0-5
Clematis montana 'Warwickshire Rose' (Frame) - Code: 75745 <i>Vigorous clematis, with small, deep rose-pink flowers in late spring and early summer. Foliage is a lovely bronze maturing to purple-green. It will quickly cover a large fence or wall, but may need sturdy supports as mature plants can be heavy.</i>	FRAME	£60.00	0-5

Clematis 'Multi Blue' (EL) - Code: 13381 <i>Blue flowers, 8-13cm across, are borne from early summer to early autumn. The central tepals gradually expand as the flower matures, revealing a fully double flower; flowers become paler and more silvery with age.</i>	2L Deep	£8.00	0-5
Clematis 'Niobe' (EL) - Code: 28916 <i>Single flowers are 15cm wide with six deep velvety ruby-red sepals that age to wine-red and greenish-yellow stamens. Flowers from late spring to early autumn.</i>	4L	£15.00	0-5
Clematis 'Polish Spirit' (LL) - Code: 61881 <i>Rich purple flowers with deep red centres from July to September and dark green leaves. This late-flowering clematis is perfect for growing over a pergola or through a shrub, tree or climbing rose in full sun or partial shade. An easy-to-grow variety, it is resistant to clematis-wilt and wind damage.</i>	4L	£15.00	0-5
Clematis 'Polish Spirit' (LL) - Code: 89023 <i>Rich purple flowers with deep red centres from July to September and dark green leaves. This late-flowering clematis is perfect for growing over a pergola or through a shrub, tree or climbing rose in full sun or partial shade. An easy-to-grow variety, it is resistant to clematis-wilt and wind damage.</i>	3L	£17.00	0-5
Clematis 'Princess Diana' (T) - Code: 70361	3L	£22.00	0-5
Clematis 'Souvenir du Capitaine Thuilleaux' (EL) - Code: 35260 <i>A medium-sized, deciduous climber with dark green leaves, large pale pink flowers to 7cm wide from mid-spring to late spring and occasionally in late summer, followed by fluffy seed-heads. Full sun to partial shade on any moist soil Height 2.5m Spread 1.5m</i>	2L Deep	£8.00	0-5
Clematis urophylla 'Winter Beauty' - Code: 86310 <i>Evergreen climber with dark green leaves. Small pendula wax like creamy flowers produced over winter. Full sun or partial shade with some shelter</i>	2L	£16.50	0-5
Clematis 'Warszawska Nike' - Code: 47912 <i>Rich purple flowers with deep red centres from July to September and dark green leaves. This late-flowering clematis is perfect for growing over a pergola or through a shrub, tree or climbing rose in full sun or partial shade. An easy-to-grow variety, it is resistant to clematis-wilt and wind damage.</i>	14L	£45.00	0-5
Clematis 'Warszawska Nike' - Code: 34977 <i>Rich purple flowers with deep red centres from July to September and dark green leaves. This late-flowering clematis is perfect for growing over a pergola or through a shrub, tree or climbing rose in full sun or partial shade. An easy-to-grow variety, it is resistant to clematis-wilt and wind damage.</i>	7L	£42.00	0-5
Hedera hibernica - Code: 70186 <i>Vigorous large evergreen climber with broad, 5-lobed dark green leaves to 12cm in width. Small greenish flowers in umbels are followed by black berries. Any aspect on any well drained soil. Height 10m Spread 6m</i>	4L Deep 1.25cm	£18.00	0-5
Hedera hibernica - Code: 50767 <i>Vigorous large evergreen climber with broad, 5-lobed dark green leaves to 12cm in width. Small greenish flowers in umbels are followed by black berries. Any aspect on any well drained soil. Height 10m Spread 6m</i>	12L 200-250	£50.00	0-5
Hydrangea anomala subsp. petiolaris - Code: 68564 <i>Common name: Climbing Hydrangea. A vigorous deciduous climber that can cover a large area. Ht. 50'+. Lace cap type flowers appear in June. A good choice for a north facing wall. Plant in autumn or spring in any well-drained soil in sun or shade. Easy to grow but may take time to become established.</i>	12L	£45.00	0-5
Hydrangea petiolaris 'Silver Lining' (v) - Code: 32725 <i>A vigorous self clinging deciduous climber that can in time cover a large area. Very good facing North or East. Any soil as long as not dry or permanently waterlogged. White lace cap flowers in late spring and early summer then yellow autumn colour. Self clinging, slow at first then more vigorous. Needs no maintenance but can be pruned after flowering. Can be grown as a mound forming shrub.</i>	2L	£13.00	5-10
Jasminum stephanense - Code: 63799 <i>Height: 12m A vigorous climber with slender green angular shoots. Flowers fragrant pale pink in June and July. Best in full sun and well drained soil. Pale pink fragrant flowers from June to July. The deciduous leaves are often variegated.</i>	10L 175-200cm	£39.00	0-5
Lonicera × brownii 'Dropmore Scarlet' - Code: 26547 <i>Deciduous, woody-stemmed, twining climber with oval, blue-green leaves. Small, fragrant red flowers with orange throats are borne throughout summer. Height to 4m. Requires partial shade and well drained soil.</i>	200-250cm 10L	£39.00	0-5
Lonicera periclymenum 'Belgica' - Code: 85575 <i>Semi-evergreen, woody stemmed, twining climber with soft haired stems, and oval, sometimes lobed, light green leaves. Very fragrant, white flowers aging to pale yellow are borne in summer and autumn. Requires full sun and well drained soil.</i>	3L	£15.00	0-5
Parthenocissus quinquefolia var. engelmannii - Code: 7299 <i>Virginia creeper. Deciduous, woody stemmed, tendril climber. Leaves have 5 oval toothed, dull green leaflets paler beneath, that turn crimson in autumn. Blue-black berries appear in autumn. Height 15m. For best Autumn colour, plant in partial shade and in any well drained soil.</i>	200-250cm 7L	£40.00	0-5

Passiflora × 'Purple Haze' - Code: 79904 <i>Much improved vigorous hardy climber with flowers from late spring, white petals and sepals tinged with lilac and strong, wavy, banded purple corona filaments. Fruit rarely produced. Evergreen. Full sun on any well drained soil. Height 3m</i>	3L	£15.50	0-5
Passiflora caerulea - Code: 39769 <i>Fast growing, evergreen or semi-evergreen, woody stemmed, tendril climber, has white flowers, sometimes pink flushed, with blue or purple banded crowns in late summer and autumn. Height 10m. Requires full sun and well drained soil.</i>	3L	£15.50	0-5
Passiflora caerulea - Code: 14650 <i>Fast growing, evergreen or semi-evergreen, woody stemmed, tendril climber, has white flowers, sometimes pink flushed, with blue or purple banded crowns in late summer and autumn. Height 10m. Requires full sun and well drained soil.</i>	7.5L	£30.00	0-5
Passiflora 'Silly Cow' (Cane) - Code: 28298 <i>Much improved vigorous hardy climber with flowers from late spring, white petals and sepals tinged with lilac and strong, wavy, banded purple corona filaments. Fruit rarely produced. Evergreen. Full sun on any well drained soil. Height 3m</i>	150-175cm CANE	£30.00	0-5
Schizophragma hydrangeoides 'Moonlight' - Code: 18792 <i>A vigorous self clinging deciduous climber that can in time cover a large area. Very good facing North or East. Any soil as long as not dry or permanently waterlogged. White lace cap flowers in late spring and early summer. Silver-gray leaves during summer then turning orange-red in autumn. Self clinging, slow at first then more vigorous. Needs no maintenance but can be pruned after flowering. Can be grown as a mound forming shrub.</i>	4L	£19.00	0-5
Schizophragma hydrangeoides 'Rose Sensation' - Code: 43087 <i>A vigorous self clinging deciduous climber that can in time cover a large area. Very good facing North or East. Any soil as long as not dry or permanently waterlogged. Pink lace cap flowers in late spring and early summer. Silver-gray leaves during summer then turning orange-red in autumn. Self clinging, slow at first then more vigorous. Needs no maintenance but can be pruned after flowering. Can be grown as a mound forming shrub.</i>	4L	£12.00	0-5
Schizophragma hydrangeoides 'Roseum' - Code: 71424 <i>A vigorous self clinging deciduous climber that can in time cover a large area. Very good facing North or East. Any soil as long as not dry or permanently waterlogged. Pink lace cap flowers in late spring and early summer. Silver-gray leaves during summer then turning orange-red in autumn. Self clinging, slow at first then more vigorous. Needs no maintenance but can be pruned after flowering. Can be grown as a mound forming shrub.</i>	4L	£19.00	0-5
Schizophragma hydrangeoides 'Shiro Fuka Fukurin Fu' (v) - Code: 23666 <i>A vigorous self clinging deciduous climber that can in time cover a large area. Very good facing North or East. Any soil as long as not dry or permanently waterlogged. White lace cap flowers in late spring and early summer. Leaves are irregularly edged in white. Needs no maintenance but can be pruned after flowering.</i>	2L	£13.00	5-10
Solanum crispum 'Glasnevin' - Code: 91786 <i>A large, scrambling, semi-evergreen climbing shrub with finely-pointed, ovate leaves 5-12cm in length, and fragrant violet-blue flowers 2.5cm in width, in large open clusters. Fruit 6mm, creamy-white</i>	3L	£13.50	0-5
Trachelospermum jasminoides - Code: 10294	4L	£12.00	0-5
Trachelospermum jasminoides - Code: 18050 <i>Very fragrant jasmin like white flowers June-august. Evergreen but with some autumn colour. Excellent subject for a container and covering almost any shape. A little slow to start so we stock larger sizes. Needs a sunny site to flower well. A fantastic twining climber.</i>	10L 175-200cm	£45.00	5-10
Trachelospermum jasminoides (Frame) - Code: 26527 <i>Hardy evergreen twining climber with profuse, richly fragrant white jasmin like summer flowers. Can be trained to cover walls, arches, trellis or almost any size and shape given a framework. Clip after flowering or tidy anytime. Needs a sunny site to flower well and droughty tolerant once established. Excellent in containers.</i>	140x100cm FRAME	£230.00	0-5
Trachelospermum jasminoides Arch - Code: 15917 <i>The Star Jasmine is a hardy (for an average winter in south east) evergreen twining climber with profuse, richly fragrant white summer flowers. Can be trained to cover walls, arches, trellis or almost any size and shape given a framework. Clip after flowering or tidy anytime. Needs a sunny site in a sheltered spot and is drought tolerant once established. Excellent in containers. Height/spread 4-8m.</i>	ARCH	£250.00	0-5
Trachelospermum jasminoides Dbl Arch - Code: 53971 <i>Hardy evergreen twining climber with profuse, richly fragrant white jasmin like summer flowers. Can be trained to cover walls, arches, trellis or almost any size and shape given a framework. Clip after flowering or tidy anytime. Needs a sunny site to flower well and droughty tolerant once established. Excellent in containers.</i>	DOUBLE ARCH	£400.00	0-5
Wisteria brachybotrys 'Showa-beni' - Code: 79291 <i>Vigorous, deciduous climber. Twines anticlockwise. Pinnate, softly hairy leaves of 9-13 ovate to lance-shaped leaflets. In early summer pea-like pink flowers produced in racemes 10-15cm in length. Height 9m</i>	10L 200-250cm	£49.00	0-5

Wisteria floribunda 'Domino' (syn. Issai) - Code: 68948 <i>Vigorous, deciduous climber. Twines clockwise. Pinnate leaves of 11-19 ovate to lance-shaped leaflets. In early summer pea-like bright lilac-blue fragrant flowers in pendant racemes 18-25cm in length, opening from base to tip. Height 9m</i>	10L 200-250cm	£40.00	5-10
Wisteria floribunda 'Multijuga' (syn Macrobotrys) - Code: 32415 <i>Vigorous, deciduous climber. Twines clockwise. Pinnate leaves of 11-19 ovate to lance-shaped leaflets. In early summer pea-like fragrant, lilac flowers, tinged bluish-purple, in pendant racemes 50-80cm in length, opening from base to tip. Often followed by bean-like velvety seed pods. Height 9m.</i>	10L 200-250cm	£40.00	0-5
Wisteria sinensis - Code: 51055 <i>Woody twining climbers which can be trained to almost any size and shape. Fragrant racemes of pea like fragrant flowers in spring. Any reasonable well drained and well prepared soil in a sunny site. Prune twice a year to control and improve flowering, please ask for advice. Can be trained as a small standard tree and grown in large containers.</i>	ARCH	£240.00	0-5
Wisteria sinensis 'Prolific' - Code: 89509 <i>Vigorous deciduous climber. Twines anticlockwise. Pinnate leaves of 9-13 elliptic or ovate leaflets. Pea-like fragrant, soft blue-violet flowers produced in dense, pendant racemes 25-30cm in length. Often followed by bean-like seed pods. Grows in sun and fertile, well-drained soil. Height 9m</i>	10L 200-250cm	£40.00	0-5

Conifers

	Size	Price	Stock Level
Cupressus sempervirens Stricta Group (Pyramidalis) - Code: 57091 <i>Italian Cypress or pencil cedars give us a wonderful bold pencil shaped evergreen typical of the Mediterranean but hardy in our climate given a reasonably sheltered site. Likes a well drained soil and sunny site. Slower growing with us but 5 - 10m in time or can be trimmed.</i>	50L 300-350cm	£300.00	0-5
Cupressus sempervirens Stricta Group (Pyramidalis) - Code: 74086 <i>Very narrow, upright conifer, fast-growing when young. Aromatic, grey-green foliage is held in erect sprays. Glossy, grey-brown cones are globose or ovoid. Requires full sun and well drained soil. Height 15m. Spread 4m</i>	18L 150-175cm	£60.00	0-5
Cupressus sempervirens Stricta Group (Pyramidalis) - Code: 87684 <i>Italian Cypress or pencil cedars give us a wonderful bold pencil shaped evergreen typical of the Mediterranean but hardy in our climate given a reasonably sheltered site. Likes a well drained soil and sunny site. Slower growing with us but 5 - 10m in time or can be trimmed.</i>	70-90L 400-450cm	£300.00	0-5
Cupressus sempervirens Stricta Group (Pyramidalis) - Code: 23772 <i>Italian Cypress or pencil cedars give us a wonderful bold pencil shaped evergreen typical of the Mediterranean but hardy in our climate given a reasonably sheltered site. Likes a well drained soil and sunny site. Slower growing with us but 5 - 10m in time or can be trimmed.</i>	25L 250-300cm	£150.00	0-5
Juniperus scopulorum 'Skyrocket' - Code: 88837 <i>This narrow, pencil-shaped juniper has dense, ascending branches of long, pointed, aromatic, grey-green leaves and spherical, blue-black cones. Tolerates dry, chalky and sandy soils, full sun or partial shade. Height 4-8m Spread 0.5-1m</i>	150-175cm	£108.00	0-5
Picea glauca var. albertiana 'Conica' - Code: 90554 <i>A slow-growing, broadly conical, evergreen conifer is an excellent specimen tree for a small, sunny garden. Best in moist, well-drained, neutral to acid soil or ericaceous compost if you wish to keep it in a pot. Height 2m Spread 1.5m</i>	50-60cm 5L	£18.00	0-5
Picea glauca var. albertiana 'Conica' - Code: 6579 <i>A slow-growing, broadly conical, evergreen conifer is an excellent specimen tree for a small, sunny garden. Best in moist, well-drained, neutral to acid soil or ericaceous compost if you wish to keep it in a pot. Height 2m Spread 1.5m</i>	90L 125-150cm	£210.00	0-5
Thuja plicata 'Atrovirens' - Code: 24827 <i>Outstanding hedging conifer. Softer foliage which is less irritating to the skin than leylandii and only a little slower growing. New foliage will sprout from older wood so can be cut back hard if necessary. Trim from mid spring to mid summer for hedges from 1.75 to 4m or more. Any reasonable well prepared soil in sun or a little shade.</i>	35L 200-250cm	£160.00	0-5
Thuja plicata 'Atrovirens' - Code: 84856 <i>Outstanding hedging conifer. Softer foliage which is less irritating to the skin than leylandii and only a little slower growing. New foliage will sprout from older wood so can be cut back hard if necessary. Trim from mid spring to mid summer for hedges from 1.75 to 4m or more. Any reasonable well prepared soil in sun or a little shade.</i>	3L 60cm	£8.00	0-5

Ferns

	Size	Price	Stock Level
--	------	-------	-------------

Asplenium scolopendrium (E) - Code: 63258 <i>This handsome, evergreen, hart's tongue fern is perfect for a shady woodland edge, shrub or mixed border. Forms a rosette of arching, rich green, strap-shaped fronds 30-75cm in length, the margins often undulate. Full sun to partial shade on any moist well drained soil. Height and spread 50cm</i>	1.5L	£8.00	0-5
Asplenium scolopendrium (E) - Code: 93131 <i>This handsome, evergreen, hart's tongue fern is perfect for a shady woodland edge, shrub or mixed border. Forms a rosette of arching, rich green, strap-shaped fronds 30-75cm in length, the margins often undulate. Full sun to partial shade on any moist well drained soil. Height and spread 50cm</i>	3L	£13.00	0-5
Athyrium niponicum f. metallicum (D) - Code: 37113 <i>Deciduous, fronds have purplish red stalks and silver-grey segments sometimes flushed purple red. Height 20-30cm (8-12") spread indefinite.</i>	3L	£13.00	0-5
Dryopteris erythrosora (S-E) - Code: 95836 <i>Common name: Japanese shield fern. Deciduous. Height: 45cm Spread: 30cm. Frost to half hardy. Easily grown in average, medium wet, well-drained soil in part shade to full shade. Prefers moist, humus, acidic soils with protection from wind. Very intolerant of drought.</i>	5L	£18.00	0-5
Dryopteris erythrosora 'Brilliance' (S-E) - Code: 21902 <i>Evergreen variety with new fronds a beautiful shiny bronze colour, with distinctive red spores on the underside of the fronds.</i>	2/3L	£9.00	0-5
Dryopteris erythrosora 'Brilliance' (S-E) - Code: 56751 <i>Evergreen variety with new fronds a beautiful shiny bronze colour, with distinctive red spores on the underside of the fronds.</i>	3L	£13.00	0-5
Dryopteris erythrosora 'Brilliance' (S-E) - Code: 99627 <i>Evergreen variety with new fronds a beautiful shiny bronze colour, with distinctive red spores on the underside of the fronds.</i>	5L	£16.00	0-5
Dryopteris lepidopoda (E) - Code: 84146 <i>A beautiful and graceful fern. Very finely cut, dark green fronds create a wonderful lacy effect. For part to full shade in moist, humus soil. (12-15inches)</i>	5L	£18.00	0-5
Fern in variety - Code: 83907	7L	£27.00	0-5
Matteuccia struthiopteris (D) - Code: 6759	1.5/2L	£8.50	0-5
Polystichum polyblepharum (E) - Code: 35912 <i>Evergreen fern. 1-2 ft. tall, shiny dark green, double cut fronds which form a broad, symmetrical spreading crown. Light shade and moist rich soil. Ferns make a good</i>	5L	£16.00	0-5
Polystichum setiferum 'Plumosum' (E) - Code: 64638	10L	£40.00	0-5
Polystichum setiferum 'Proliferum' (E) - Code: 88160 <i>Evergreen fern with broad lance-shaped, daintily cut sharp edged fronds that are green in spring and mature to a rich dark green, Height 60cm. Spread 75cm. Requires partial shade and moist soil.</i>	3L	£13.00	0-5
Grasses			
	Size	Price	Stock Level
Acorus gramineus 'Ogon' (v) - Code: 90265 <i>'Ogon' is a compact deciduous grass-like rhizomatous perennial forming a clump to 30cm tall, with narrow, bright yellow leaves, lightly striped with yellowish-green. Easy to grow in wet or very moist fertile soils in full sun. Can be planted in baskets in shallow water.</i>	3L	£8.00	0-5
Anemanthele lessoniana (syn. Stipa arundinacea) - Code: 61035 <i>Arching, narrow dark green leaves with orange streaks, becoming orange-brown completely in winter. Drooping panicles of purple-brown flowers give beautiful autumn colours. Evergreen in mild areas.</i>	2L	£10.00	0-5
Carex laxiculmis 'Bunny Blue' - Code: 46575 <i>A dense mound forming Carex with arching, broadly linear, silvery, blue-green leaves. Arching flowers stems with pale yellow flowers in early summer. Full sun in moist soils, or partial shade in any free draining soil. Height and Spread 30cm</i>	5L	£16.00	0-5
Carex oshimensis 'Evergold' (v) - Code: 62015 <i>Low evergreen hummocks with striking yellow variegated foliage. Brown flower spikes on stems in mid to late spring. Use in pots and borders. Likes a moist reasonably fertile soil in sun or good in part shade. Remove dead foliage in winter, can be trimmed or cut back late spring</i>	2L	£8.00	5-10
Deschampsia cespitosa Bronze Veil = 'Bronzeschleier' - Code: 67605	2L	£9.00	5-10
Dianella tasmanica 'Variegata' (v) - Code: 14114 <i>Clump-forming perennial. Sword-shaped, green and white-striped leaves and small, blue flowers on long stems in summer. Prefers semi-shade. The small flowers sometimes produce dark blue berries.</i>	8L	£38.00	0-5

Fargesia jiuzhaigou 'Obelisk' - Code: 92915 <i>Attractive clump forming bamboo, good as a specimen in pot. Height 3m. Bamboos grow best in half shadow but can grow in sunny places as well. Prefers light soils, rich in organic matter, with slightly acidic pH.</i>	7.5L 160cm	£65.00	0-5
Fargesia murielae - Code: 78736 <i>Dwarf, attractive bamboo, good as a specimen in pot. Height 2m. Bamboos grow best in half shadow but can grow in sunny places as well. Likes moist soil.</i>	5L	£20.00	5-10
Fargesia rufa - Code: 8076 <i>Medium sized bamboo with narrow green evergreen leaves on light green canes sheathed in shrimp pink on new growth. The more alkaline the soil, the brighter the sheath on new growth. Does tolerate shade well, but avoid windy, exposed sites, and waterlogged soils. Partial shade on moist soil. Height 2.5m Spread 1m</i>	5L 70-80cm	£30.00	0-5
Festuca glauca 'Elijah Blue' - Code: 88874 <i>'Elijah Blue' forms small cushions of very fine, inrolled, intensely ice-blue leaves, becoming greener in winter. From late spring to summer it bears narrow, bristly blue-green flower plumes that turn golden-brown.</i>	2L	£8.50	0-5
Festuca glauca 'Elijah Blue' - Code: 90508 <i>'Elijah Blue' forms small cushions of very fine, inrolled, intensely ice-blue leaves, becoming greener in winter. From late spring to summer it bears narrow, bristly blue-green flower plumes that turn golden-brown.</i>	3L	£10.00	5-10
Festuca glauca 'Intense Blue' - Code: 92960 <i>An evergreen clump-forming grass, remarkable for its steel-blue foliage. In summer it produces short blue-green flowerspikes, which gradually fade to an attractive buff colour. Full sun on any well drained soil. Height and Spread 20cm</i>	2L	£9.00	0-5
Hakonechloa macra 'Aureola' - Code: 29185 <i>Neat, clump-forming deciduous grass with narrow, arching, green-striped, bright yellow leaves, often reddish-tinged in autumn and early winter. Flowers insignificant. Full sun or partial shade on any moist but well drained soil. Height and Spread 30cm</i>	2L	£7.00	0-5
Miscanthus sinensis 'Autumn Fire' - Code: 40084 <i>Herbaceous, clump forming, perennial grass, with narrow leaves, hairy beneath often turning bronze.</i>	5L	£15.00	0-5
Miscanthus sinensis 'Red Chief' - Code: 65982 <i>Herbaceous, clump forming, perennial grass, with narrow leaves, hairy beneath often turning bronze.</i>	5L	£17.00	0-5
Pennisetum alopecuroides 'Red Head' - Code: 99265 <i>These tuft-forming plants have leaf blades that are flat. They are grown for their bottlebrush flower clusters (plumes) that appear in summer and autumn.</i>	7.5L	£29.00	0-5
Pennisetum setaceum 'Fireworks' - Code: 19481 <i>Half-hardy Fountain Grass. Pennisetum 'Fireworks' makes a lively addition to bedding displays and patio containers. The fluffy seedheads can be also cut to make elegant dried flowers. 90cm/60cm ht/sprd</i>	3L	£14.00	0-5
Pennisetum setaceum 'Summer Samba' - Code: 33216 <i>Sensational dark maroon to bronze green leaves turning darker at the tips, in early spring, whilst showy silver pink flower spikes dance above the foliage from mid-summer.</i>	3L	£14.00	0-5
Sesleria autumnalis - Code: 88665	2L	£10.00	0-5
Stipa gigantea - Code: 30827	2L	£8.00	0-5
Stipa gigantea - Code: 94186	2L	£9.00	5-10

Lonicera × purpusii 'Winter Beauty' - Code: 63246	5L	£25.00	5-10
Luma (Myrtus) apiculata - Code: 36212	3L	£13.50	0-5
Magnolia × loebneri 'Leonard Messel' - Code: 78434 <i>Beautiful small tree or large shrub. In mid spring, it is smothered in rose pink, star-shaped flowers with long, narrow petals that emerge from darker pink buds. Any good well prepared soil including chalk, sun or part shade. To about 2.5 x .1m at 10 years old and around 8 x 6m when mature, Prune after flowering if you wish to restrict the size.</i>	10L	£30.00	0-5
Magnolia × soulangeana - Code: 72339 <i>Extremely popular large shrub or small tree. A wonderful picture covered in pinky white goblet shaped flowers in April/May. To about 3m at 10 years old and can get to 6m round in time unless pruned. Needs a neutral to acid well drained soil and likes a mulch to retain moisture in summer. Sun or part shade.</i>	15L	£53.00	0-5
Magnolia × soulangeana - Code: 97447 <i>Deep pink-purple/white saucers. Blooms a bit later than regular saucer magnolia, buds less susceptible to frost damage. Slower growing, more upright habit. Height and Spread 15' x 10'</i>	50L 150-175cm	£140.00	0-5
Magnolia 'George Henry Kern' - Code: 202 <i>Beautiful small tree or large shrub. In mid spring, it is smothered in pale pink, goblet-shaped flowers with a darker pink streak on the outside. Any good well prepared soil including chalk, sun or part shade. Prune after flowering if you wish to restrict the size.</i>	15L	£53.00	0-5
Magnolia 'George Henry Kern' - Code: 6012 <i>Beautiful small tree or large shrub. In mid spring, it is smothered in pale pink, goblet-shaped flowers with a darker pink streak on the outside. Any good well prepared soil including chalk, sun or part shade. Prune after flowering if you wish to restrict the size.</i>	10L	£30.00	0-5
Magnolia 'Manchu Fan' - Code: 12709 <i>Compact upright deciduous shrub with goblet shaped creamy-white flowers in summer. Full sun or partial shade, sheltered from strong winds on neutral or acid moist but well drained soil. Height 6m Spread 5m</i>	10L	£30.00	0-5
Magnolia stellata - Code: 39941 <i>Compact slower growing magnolia with masses of star shaped white flowers in April. To about 1.5m at 10 years old and up to 3 x 4m in time. Likes well prepared and well drained but moist soil. Not for chalk soils but can be grown in containers.</i>	15L	£53.00	0-5
Magnolia stellata - Code: 58609 <i>Deciduous, bushy, dense shrub. Fragrant, star shaped flowers with many narrow petals form silky buds during early to mid-spring. Leaves are narrow and deep green. Requires full sun and well drained soil. Height 3m. Spread 4m.</i>	150-200cm	£140.00	0-5
Magnolia stellata 'Rosea' - Code: 28543 <i>Deciduous, bushy, dense shrub. Fragrant, star shaped flowers with many narrow petals form silky buds during early to mid-spring. Leaves are narrow and deep green. Requires full sun and well drained soil. Height 3m. Spread 4m.</i>	10L	£30.00	0-5

Magnolia 'Susan' - Code: 22405 <i>A bushy, upright large rounded shrub. Long flowering season from mid spring to midsummer. Narrow goblet-shaped, fragrant buds opening paler on the inside. Well drained moist acid soil, sheltered position in sun or part shade. Height 4m Spread 3m</i>	10L	£30.00	0-5
Magnolia 'Susan' - Code: 33487 <i>A bushy, upright large rounded shrub. Long flowering season from mid spring to midsummer. Narrow goblet-shaped, fragrant flowers emerge from slender, dark burgundy buds opening paler on the inside. Well drained moist acid soil, sheltered position in sun or part shade. Height 4m Spread 3m</i>	15L	£53.00	0-5
Mahonia × media 'Charity' - Code: 84196 <i>Slender spikes of pale yellow flowers appear from November to March, above rosettes of large, handsome, dark green, holly-like leaves. Height 5m Spread 4m</i>	3L	£11.00	0-5
Mahonia eurybrachteata 'Sweet Winter' - Code: 64229 <i>A compact, evergreen shrub with soft spine free leaves and short spikes of bright yellow flowers in late summer, followed by blue berries. Grows in full sun or full shade. Ideal choice for containers and edge of beds near paths. Fully hardy. Height and Spread 1.2m</i>	3L	£11.00	5-10
Myrtus communis subsp. tarentina - Code: 13882 <i>From mid- to late summer the branches of this upright, bushy, evergreen shrub are festooned with fragrant, white flowers, followed by purple-black berries. Full sun, fertile, moist, well-drained soil. Height & Spread 3m.</i>	6L	£30.00	0-5
Nandina domestica - Code: 298 <i>Semi-evergreen bamboo-like shrub. Foliage emerges in shades of red in spring, then green with some red again in autumn and winter. Clusters of small white flowers in summer followed by red berries. Likes a moist soil and has the best colour in a sunny site. To about 1.5m. Excellent container plant with year round interest.</i>	60-80cm 10L	£32.00	0-5
Nandina domestica Obsessed = 'Seika' - Code: 3465 <i>Semi-evergreen bamboo-like shrub. fiery red young foliage that ages to green. Autumn colour is also strikingly red and this colour persists through the winter. Clusters of small white flowers in summer followed by red berries. Likes a moist soil and has the best colour in a sunny site. To about 1.5m. Excellent container plant with year round interest.</i>	5L	£25.00	0-5
Perovskia 'Blue Spire' - Code: 42895 <i>Deciduous, upright sub-shrub with grey-white stems. Profuse spikes of violet-blue flowers appear from late summer to mid autumn above aromatic, deeply cut, grey-green leaves. Very easy to grow in well drained soils and sunny sites. Cut back spikes as they fade to encourage more flowers.</i>	10L	£32.00	5-10
Perovskia 'Blue Spire' - Code: 11272 <i>Deciduous, upright sub-shrub with grey-white stems. Profuse spikes of violet-blue flowers appear from late summer to mid autumn above aromatic, deeply cut, grey-green leaves. Very easy to grow in well drained soils and sunny sites. Cut back spikes as they fade to encourage more flowers.</i>	3L	£11.00	0-5
Phormium 'Bronze Baby' - Code: 89332 <i>Arching, bronze-purple, sword-shaped leaves, and spikes of tubular, red flowers in summer. Needs full sun and fertile, moist, well-drained soil. Height and Spread 80cm.</i>	18L	£75.00	0-5
Phormium 'Gold Sword' - Code: 83995	7.5L	£27.00	0-5
Phormium 'Sundowner' - Code: 46112	10L	£65.00	0-5
Phormium tenax 'Purpureum' - Code: 73878 <i>Evergreen, upright perennial . Has tufts of sword shaped, stiff, purple leaves. Panicles of tubular dull red flowers are produced on short, slightly glaucous green stems in summer. Thrives by the sea. Requires sun and moist well-drained soil. Frost hardy.</i>	10L	£65.00	0-5
Phormium tenax 'Variegatum' (v) - Code: 67070 <i>Evergreen perennial grown for its sword-shaped leaves. Leaves up to 1m long the yellowish -green central band variously striped with green. Requires sun and moist, well-drained soil. Height 1.5m. Spread 1m.</i>	18L 100-125cm	£75.00	0-5
Photinia × fraseri 'Faros Red' - Code: 96825 <i>Compact evergreen, deep green glossy foliage, bright red new growth in spring and summer, clusters of white flowers April/May. Dense growth, perfect for a fine hedge. Trim anytime from mid spring to mid summer. Any reasonable well prepared soil in sun or part shade. Good in large containers.</i>	5L	£30.00	0-5
Photinia × fraseri Louise = 'McLarlou' (v) - Code: 43834 <i>Evergreen upright shrub. Glossy leaves are brilliant pink when young, ageing to green with irregular edges of cream and pink. Broad heads of flowers are borne in late spring.</i>	5L	£20.00	5-10
Photinia × fraseri Pink Marble = 'Cassini' (v) - Code: 67435 <i>A medium-sized evergreen shrub with very attractive foliage. Young leaves are reddish green with pink-variegated margins. As the season progresses the leaves become deep green with white variegation and white edges. It is especially effective grown as a low hedge, with new pink-flushed leaves appearing after each trim. 'Pink Marble' is a less vigorous plant than the more common 'Red Robin' so is ideal for small gardens and can also be grown in large containers.</i>	18L 100-125cm	£50.00	0-5

Photinia × fraseri 'Red Robin' - Code: 38126 <i>Very popular and versatile evergreen, deep green glossy foliage, bright red new growth in spring and summer, clusters of white flowers April/May. Fast growing to 5m in time but easy to control, fine hedge or standard tree. Trim anytime from mid spring to mid summer. Any reasonable well prepared soil in sun or part shade. Good in large containers.</i>	30L 125-150cm	£68.00	5-10
Photinia × fraseri 'Red Robin' - Code: 69789 <i>Very popular and versatile evergreen, deep green glossy foliage, bright red new growth in spring and summer, clusters of white flowers April/May. Fast growing to 5m in time but easy to control, fine hedge or standard tree. Trim anytime from mid spring to mid summer. Any reasonable well prepared soil in sun or part shade. Good in large containers.</i>	18L 100-150cm	£48.00	0-5
Photinia × fraseri 'Red Robin' (Frame) - Code: 56787 <i>Very popular and versatile evergreen, deep green glossy foliage, bright red new growth in spring and summer, clusters of white flowers April/May. Fast growing to 5m in time but easy to control, fine hedge or standard tree. Trim anytime from mid spring to mid summer. Any reasonable well prepared soil in sun or part shade. Good in large containers.</i>	FRAME	£60.00	0-5
Photinia serratifolia Pink Crispy ('Oploo5') - Code: 63112 <i>A medium-sized evergreen shrub with very attractive foliage. Young leaves are pink-variegated. As the season progresses the leaves become deep green with white speckled variegation. It is especially effective grown as a low hedge, with new pink-flushed leaves appearing after each trim. Less vigorous plant than the more common 'Red Robin' so is ideal for small gardens and can also be grown in large containers.</i>	5L	£34.00	5-10
Pieris 'Forest Flame' - Code: 59358 <i>Evergreen, upright shrub. Narrowly oval, glossy leaves brilliant red when young, become pink, then cream and finally turn dark green. White flowers with young leaves from mid/late spring. Height 120cm. Spread 80cm.</i>	10L 40-50cm	£46.00	0-5
Pieris japonica 'Debutante' - Code: 93650 <i>A low growing and compact evergreen with long dark green leaves. Upright clusters of white flowers produced in spring. Full sun or partial shade on sandy or loamy acidic soil. Height 1.5m Spread 2m</i>	5L	£20.00	0-5

Acer palmatum 'Pink Passion' (v) - Code: 83930 <i>In Spring the leaves emerge as a bright pink/purple colour tinged with light pink variegation, as the season develops the leaves deepen to dark purple with cream coloured variegation and by autumn the tree is a blaze of the deepest red. Full sun to partial shade in a sheltered location on any moist well drained soil. Height and Spread 3m</i>	90-100 10L	£70.00	0-5
Acer palmatum 'Sango-kaku' - Code: 44394 <i>Coral bark maple. Height: 6m. Spread: 4m. This maple needs a site protected from winds preferably in dappled shade with good well drained soil, rich in organic material. In spring, the young foliage is susceptible to frosts.</i>	5L	£19.00	0-5
Acer palmatum 'Sango-kaku' - Code: 54135 <i>Coral bark maple. Height: 6m. Spread: 4m. This maple needs a site protected from winds preferably in dappled shade with good well drained soil, rich in organic material. In spring, the young foliage is susceptible to frosts.</i>	3L	£15.00	0-5
Acer palmatum 'Sango-kaku' - Code: 95256 <i>Coral bark maple. Height: 4m. Spread: 3m. This maple needs a site protected from winds preferably in dappled shade with good well drained soil, rich in organic material. In spring, the young foliage is susceptible to frosts.</i>	125-150cm	£294.00	0-5
Acer palmatum 'Trompenberg' - Code: 57557 <i>Common name: Japanese maple. Height 5.00m Spread 3.5m. This maple needs a site protected from winds preferably in dappled shade with good well drained soil, rich in organic material. In spring, the young foliage is susceptible to frosts.</i>	35L	£70.00	0-5
Acer palmatum var. dissectum 3/4 Std - Code: 36952 <i>Deciduous, hardy ornamental Japanese Maple. Popular cultivar with deeply divided leaves. Vigorous when young, forming a mound up to 4m. Grows well in pots.</i>	3/4 Std 80cm 18L	£130.00	0-5

Acer palmatum var. dissectum 'Inaba-shidare' (D) 1/2 Std - Code: 98469 <i>Weeping form with finely dissected foliage, rich purple colour spring into summer then red in autumn. Tolerates full sun as long as in a moist soil or compost. To about 1m round at 10 years old and up to twice that when mature. Excellent in containers and can be pruned for size and shape.</i>	35L 1/2 Std	£225.00	0-5
Acer palmatum var. dissectum 'Orangeola' 3/4 Std - Code: 27412 <i>Deciduous, hardy ornamental Japanese Maple. Bright orange-red leaves in spring, fading to green during summer. Vigorous when young, forming a mound up to 4m. Grows well in pots.</i>	3/4 Std 80cm 18L	£130.00	0-5
Acer palmatum var. dissectum 'Seiryu' - Code: 12502 <i>Deciduous, bushy headed shrub or tree. Height and spread 3m or more. Fully hardy. Large Green leaves with 7 lobes turn brilliant scarlet in autumn. Requires full sun and well drained soil.</i>	3L	£15.00	0-5
Acer palmatum var. dissectum 'Seiryu' - Code: 97326 <i>Deciduous, bushy headed shrub or tree. Height and spread 3m or more. Fully hardy. Large Green leaves with 7 lobes turn brilliant scarlet in autumn. Requires full sun and well drained soil.</i>	5L	£19.00	0-5
Acer palmatum 'Villa Taranto' (L) 3/4 Std - Code: 65107 <i>Deciduous, hardy ornamental Japanese Maple. Fine strap like leaves, green with a reddish overtone. Good autumn golden colours. Vigorous when young, forming a mound up to 3m. Grows well in pots.</i>	3/4 Std 80cm 18L	£130.00	0-5
Acer platanoides 'Crimson King' - Code: 93816 <i>Fully hardy. Vigorous, deciduous tree. Large lobed leaves. Deep reddish in colour turning orange in the autumn. Small red-tinged deep yellow flowers are borne in mid-spring. Height: 12m Spread: 8m</i>	15L	£48.00	0-5
Acer platanoides 'Drummondii' (v) - Code: 24623 <i>Attractive tree with variegated green, cream and yellow foliage. Suitable for most soils and situations, though not shallow chalk</i>	15L	£48.00	0-5
Acer pseudoplatanus 'Brilliantissimum' - Code: 59791 <i>A large densely branched tree, leaves yellowish pink at first later green speckled and splashed yellow and pink, thrives in most soils, a great feature tree and tolerant of urban pollution.</i>	10-12cm 45L	£200.00	0-5
Acer pseudoplatanus f. variegatum 'Esk Sunset' (v) - Code: 76756 <i>Deciduous, spreading tree. Young leaves emerge orange-pink, older foliage is green with orange-pink splashes. Avoid planting in afternoon sun, and wet soils. Height 3m. Spread 2m.</i>	10L	£48.00	0-5
Acer rubrum - Code: 92873 <i>A. rubrum is a round-headed tree growing up to 30m tall. In spring, tiny red flowers are borne in erect clusters before the appearance of dark green leaves with whitish undersides. The leaves turn bright red in autumn</i>	10L	£48.00	0-5
Acer rubrum 'Shocking Gold' - Code: 38114 <i>A rare form of red maple with bright yellow foliage, especially prominent in the spring. The habit is broadly pyramidal to rounded</i>	10L	£48.00	0-5
Acer shirasawanum 'Moonrise' - Code: 89271 <i>Slow growing and dwarf form</i>	14L	£99.00	0-5
Alnus glutinosa 'Imperialis' - Code: 91847 <i>Slow growing, deciduous, conical tree. Purple, male catkins appear in late winter and early spring, followed, by finely cut, glossy, deep green leaves. Requires full sun and moist soil.</i>	10L	£48.00	0-5
Alnus incana 'Aurea' - Code: 65838 <i>Slow to moderate growth rate, tree to 10-15m Young shoots are yellow and catkins have a distinctive red tinge. Bark turns orange in the winter.</i>	10L	£48.00	0-5
Alnus incana 'Aurea' - Code: 91279 <i>Slow to moderate growth rate, tree 10-15m. Young shoots are yellow and catkins have a distinctive red tinge. Bark turns orange in the winter.</i>	12-14cm 65L	£220.00	0-5
Amelanchier × grandiflora 'Ballerina' - Code: 96501 <i>A vigorous small tree or large shrub with bronze-tinged young leaves which turn orange and red in autumn. Flowers white, relatively large, in short, erect racemes. Fruit a small red berry, turning deep purple but soon taken by birds. Height and Spread 6m</i>	10L	£48.00	0-5
Amelanchier × grandiflora 'Robin Hill' - Code: 41531 <i>Small to medium tree 10-15m. The young leaves turn from coppery red to green and its masses of spring flowers open pink and turn to white. Best in moist, well drained lime free soils.</i>	10L	£48.00	0-5
Amelanchier lamarckii - Code: 12823 <i>A large erect deciduous shrub or small tree of open habit, with bronze-tinged young leaves turning orange and red in autumn. White flowers in short erect racemes. Fruit a red to purple berry, soon eaten by birds. Height 8m Spread 4m.</i>	10L	£48.00	0-5
Aralia elata - Code: 28560 <i>Large deciduous shrub or small open tree to 10m with large pinnate leaves at the ends of thick spiny stems. White flower panicles in early autumn. Prefers partial shade on free draining loam or sandy soil.</i>	200-250cm	£140.00	0-5

Aralia elata 'Variegata' (v) - Code: 21255 <i>An outstanding feature plant. The Variegated Japanese Angelica Tree is a hardy deciduous shrub/small tree with large pinnate leaves at the ends of thick spiny stems. White flower panicles in early autumn. Prefers partial shade on free draining loam or sandy soil. Interesting architectural plant that does well in a container.5m ht/spread</i>	15L	£120.00	0-5
Betula pendula (syn. B. alba) - Code: 30456 <i>Attractive native tree with young stems brown, turning to white bark as the tree grows. Graceful branches, with green leaves turning yellow in autumn. Thrives in dry acid soils.</i>	15L	£35.00	0-5
Betula pendula 'Purpurea' - Code: 19498 <i>Less weeping in habit than other cultivars but has the typical silvery white bark after several years. A striking cultivar that has purple serrated leaves.</i>	10-12cm 45L	£200.00	0-5
Betula pendula 'Youngii' - Code: 30510 <i>Weeping birch tree, making small dome-shaped tree. Leaves golden in Autumn. Any well drained soil, preferably acid</i>	15L	£48.00	0-5
Betula utilis var. jacquemontii - Code: 46404 <i>Deciduous, open branched, elegant tree with bright white bark. Oval serrated, mid-green leaves turn clear yellow in autumn. Requires full sun and well drained soil. Height 15m. Spread 6m.</i>	10L	£48.00	0-5
Betula utilis var. jacquemontii - Code: 13523 <i>Deciduous tree with glossy green leaves that turn yellow in autumn. It produces catkins in spring but its most striking feature is its bright white bark.(will tolerate most soil types)</i>	10L	£48.00	0-5
Betula utilis var. jacquemontii Snow Queen ='Doorenbos' - Multi-stem - Code: 6809 <i>Deciduous, open branched, elegant tree with bright white bark. Oval serrated, mid-green leaves turn clear yellow in autumn. Requires full sun and well drained soil. Height 15m. Spread 6m.</i>	1.5-2m 55L Multi-stem	£238.00	0-5
Calliandra surinamensis 'Dixie Pink' 1/2 Std - Code: 72024 <i>Soft feathery leaves and pink coloured fluffy flowers, prefers a bright sunny spot in well drain soil, for best results plants in a sheltered spot.</i>	3L 1/2 Std	£23.00	0-5
Carpinus betulus - Code: 91856 <i>Deciduous, round-headed tree. Has a fluted trunk and oval, prominently veined, dark green leaves that turn yellow and orange in autumn. Bears green catkins from late spring to autumn, when clusters of winged nuts appear. Height 25m. Spread 20m. The specimens can be trained and trimmed from mid-late summer to retain a desired shape.</i>	20-22cm 50L	£500.00	0-5
Catalpa bignonioides 'Aurea' - Code: 87551 <i>The Indian Bean tree has large golden yellow leaves that turn to green by the time it flowers in summer. The orchid-like flowers are followed by long seed pods that resemble vanilla pods. It does well in most soils, and reaches a height of 15-20m.</i>	10L	£48.00	0-5
Catalpa bignonioides 'Nana' (syn. bungei) - Code: 42551 <i>Deciduous spreading tree. Large, light green leaves are purplish when young. White flowers marked with yellow and purple appear in summer followed by long cylindrical pendent pods. Requires full sun and moist soil. Height 4m. Spread 4m. Full Hardy</i>	3/4 Std 5L	£24.00	0-5
Cercidiphyllum japonicum - Code: 43263 <i>Fast growing, spreading, deciduous tree. The leaves, bronze when young, turn rich green, then yellow to purple in the autumn, especially on acid soil. Best in full sun with moist acidic soil. Height 16m. Spread 10m.</i>	10L	£48.00	0-5
Cercidiphyllum japonicum Glowball ='JWW4' Std - Code: 12776 <i>Rounded small tree with beautiful golden-yellow and orange autumn colour before the leaves fall.</i>	3L 60cm Mini Std	£26.00	10+
Cercis canadensis 'Forest Pansy' - Feathered - Code: 77358 <i>A beautiful sight in May when the tree is covered with rosy pea-like flowers. The flowers are followed by purple tinted seed pods from July onwards. This is a small 10-15m round headed tree that tolerates most soils, including very dry ones.</i>	35L 200cm Feathered	£200.00	0-5
Corylus colurna - Code: 55129 <i>Turkish Hazel is a superb choice for parkland and avenue planting, and it will tolerate paved areas. It thrives in all soils, including chalky and clay soils and is now used in cities as a substitute for Lime to combat the problem of aphid drop on cars and pavements. Height 12m+ Spread 8m+</i>	22-24cm	£250.00	0-5
Corylus colurna 'Te Terre Red' - Red Turkish Hazel - Code: 33077 <i>Pyramidal shaped tree with heart-shaped leaves, which start deep intense red, slowly greening with age.</i>	15L	£48.00	0-5
Crataegus laevigata 'Paul's Scarlet' (d) - Code: 5039 <i>Small bushy headed deciduous tree with pinky red flowers and sharp thorns. Suitable for most soils and situations.</i>	10L	£48.00	0-5
Crataegus laevigata 'Paul's Scarlet' (d) - Code: 67195 <i>Deciduous, spreading tree. Has toothed glossy dark green leaves and a profusion of double, red flowers in late spring and early summer. Requires full sun and well drained soil. Height 7m. Spread 7m.</i>	12-14cm	£210.00	0-5

Crataegus persimilis 'Prunifolia' - Code: 75328 <i>Deciduous, spreading tree. Has cherry like glossy dark green leaves and a profusion of white flowers in late spring and early summer. Requires full sun and well drained soil. Height 7m. Spread 7m.</i>	10L	£48.00	0-5
Davidia involucrata - Code: 40111	10L	£60.00	0-5
Elaeagnus angustifolia - Code: 70156 <i>Large, spiny deciduous tree with silvery-scaly, ovate leaves and small, fragrant creamy-yellow flowers in summer. Full sun on any well drained soil. Height and Spread 7m. Loved by bees</i>	24-26cm	£500.00	0-5
Elaeagnus 'Quicksilver' - Code: 73988 <i>Flowers white, followed by clusters of red berries. Virtually evergreen, but pushes old leaves off as new ones grow. Good screening tree for most soil.</i>	10L	£48.00	0-5
Eucalyptus gunnii - Code: 67064 <i>Evergreen, conical tree with peeling, cream, pinkish and brown bark. Leaves are silver-blue when young, blue-green when mature. Clusters of white flowers, with numerous stamens, appear in mid-summer. Height 25m. Spread 10m. Full sun, well drained soil.</i>	10L	£48.00	0-5
Fagus sylvatica - Code: 55894 <i>Deciduous, spreading tree with oval, wavy edged leaves. These are pale green when young mid to dark green when mature, turning rich yellow in the autumn, when the nuts are produced. Thrives in full sun with well drained soil. Height 30m Spread 22m.</i>	20-25cm	£716.00	0-5
Fagus sylvatica - Code: 76505 <i>Deciduous, spreading tree with oval, wavy edged leaves. These are pale green when young mid to dark green when mature, turning rich yellow in the autumn, when the nuts are produced. Thrives in full sun with well drained soil. Height 30m Spread 22m.</i>	Pleached A	£500.00	0-5
Ficus carica - Code: 41543 <i>Common Fig. A very handsome small spreading deciduous tree. The lobed leaves and edible fruits provide interest throughout the year. To encourage fruiting roots prefer to be restricted, ideal near a wall in a sheltered sunny position. Would look good set in a south-facing terrace as an architectural feature and for hanging tea lights near an outdoor dining area.</i>	40-50cm	£1,500.00	0-5
Ginkgo biloba - Code: 3886 <i>Unusual deciduous conifer with fan-like leaves which turn bright yellow in autumn before falling. One of the oldest known tree species.</i>	7.5L	£59.00	0-5
Ginkgo biloba - Code: 85419 <i>Distinctive fan-shaped green leaves, turning clear yellow in autumn, before falling. Conical habit, when young. Medium sized to large deciduous tree.</i>	18-20cm	£290.00	0-5
Gleditsia triacanthos f. inermis 'Ruby Lace' - Code: 98636 <i>This thornless variety stands out for having red-tinged juvenile foliage that graduates to a bronze-red in summer. Small tree, excellent for most soils, Best in full sun.</i>	10/15L	£48.00	0-5
Gleditsia triacanthos 'Sunburst' - Code: 31944 <i>Feathery golden foliage, turning greener as summer ends, then turns yellow again in autumn. Small tree, excellent for most soils, Best in full sun</i>	10L	£48.00	0-5
Koelreuteria paniculata - Code: 16655 <i>An elegant small deciduous tree. Leaves pinnate, pinkish in spring, turning yellow in autumn. Small yellow flowers in conspicuous large panicles, followed by ornamental bladderly bronze fruits. Good on all soils, especially Chalk. Drought resistant. Height 10m Spread 8m+</i>	25-30cm 250L	£780.00	0-5
Ligustrum japonicum 'Aureum' Std - Code: 70529 <i>Tall upright shrub, Rapid growth to 12 feet by 5 feet. Full sun to part shade, Any well-drained soil, Useful as a tall hedge or screen. Good plant for narrow areas.</i>	14-16cm Std 50L	£187.00	0-5
Ligustrum japonicum 'Aureum' Std - Code: 71946 <i>Tall upright shrub, Rapid growth to 12 feet by 5 feet. Full sun to part shade, Any well-drained soil, Useful as a tall hedge or screen. Good plant for narrow areas.</i>	10-12cm 35L Std	£125.00	0-5
Ligustrum japonicum Std - Code: 6085 <i>Common name: Japanese privet. This plant prefers a sunny or partly shaded site; but it can also tolerate dense shade. It will grow well in any soil that is well drained. If grown as a hedge, it should be trimmed twice each season for tidiness. Height 3.00 m Spread 2.50m</i>	08-10cm 35L Std	£125.00	0-5
Liriodendron tulipifera 'Aureomarginatum' (v) - Code: 22496 <i>A strong-growing medium-sized deciduous tree with distinctive attractively lobed leaves margined with yellow, later green. Flowers 4cm in length, tulip-shaped, greenish-yellow and orange. Full sun or partial shade on well drained acidic to neutral soil. Height 12m Spread 8m</i>		£48.00	0-5
Liriodendron tulipifera 'Aureomarginatum' (v) - Code: 9563 <i>A strong-growing medium-sized deciduous tree with distinctive attractively lobed leaves margined with yellow, later green. Flowers 4cm in length, tulip-shaped, greenish-yellow and orange. Full sun or partial shade on well drained acidic to neutral soil. Height 12m Spread 8m</i>	20-25cm	£500.00	0-5
Magnolia × soulangeana 'Heaven Scent' - Code: 37036	10L	£30.00	0-5

Magnolia × soulangeana Std - Code: 80430 <i>Deep pink-purple/white saucers. Blooms a bit later than regular saucer magnolia, buds less susceptible to frost damage. Slower growing, more upright habit. Height and Spread 15' x 10'</i>	10-12 Std	£336.00	0-5
Malus 'Evereste' - Code: 32972	10L	£48.00	0-5
Malus toringo 'Scarlett' - Code: 42734 <i>Small tree with purple deeply lobed leaves formed in spring, turning to bronze-green in summer. Good autumn colours of scarlet and purple. Rich pink flowers in late spring followed by small purple-red crab apples, last well into winter. Height up to 6m</i>	10L	£48.00	0-5
Morus alba 'Pendula' - Code: 93198 <i>Weeping white mulberry. Small weeping tree with gnarled appearance.</i>	10-12cm Full Std	£216.00	0-5
Olea europaea - loose head Std - Code: 16062 <i>Common Name: Olive . Evergreen, slow-growing, spreading tree. Frost hardy and long lived in a sheltered position. Narrowly oblong leaves are grey-green above, silvery beneath. Tiny, fragrant, white flowers borne in short racemes in late summer. Eventual height/spread 10m but responds well to pruning to keep in good shape.</i>	16-18cm Std	£270.00	0-5
Olea europaea mature 1/2 Std Loose Head - Code: 65165 <i>Evergreen, slow-growing, spreading tree. Frost hardy and long lived in a sheltered position. Narrowly oblong leaves are grey-green above, silvery beneath. Tiny, fragrant, white flowers borne in short racemes in late summer. Eventual height/spread 10m but responds well to pruning to keep in good shape.</i>	25-35cm 1/2 Std 35L	£150.00	0-5
Parrotia persica - Code: 64252 <i>Thick, wavy-edged rich green leaves turn a brilliant yellow, then orange and fiery-red in autumn. Red flowers in late winter / spring. Plant in full sun or partial shade, moist, well-drained soil. Height 10m (30ft)</i>	08-10cm	£60.00	0-5
Prunus cerasifera 'Nigra' - Code: 83555 <i>Pale pink flowers, opening just before copper purple leaves. Good garden variety, suitable most soils and situations. Can be pruned hard if required.</i>	15L	£48.00	0-5
Prunus cerasifera 'Nigra' - Code: 52308 <i>Common name: Cherry plum. Deciduous, round-headed tree with deep purple leaves, red when young. Pink flowers are borne in profusion from early to mid-spring. Requires full sun and well drained soil. Height 9m. Spread 8m.</i>	12-14cm 35L	£150.00	0-5
Prunus cerasifera 'Pissardii' - Code: 53557 <i>Pale pink flowers, opening just before copper purple leaves. Good garden variety, suitable most soils and situations. Can be pruned hard if required.</i>	15L	£48.00	0-5
Prunus Chocolate Ice = 'Matsumae-fuki' - Code: 90043 <i>Small, umbrella form tree with clusters of large single to semi-double, blush-white flowers and lovely deep chocolate-brown young leaves in spring. As the leaves age in summer they gradually turn dark green. Full sun or partial shade on any well drained soil. Height and Spread 6m</i>	15L	£48.00	0-5
Prunus 'Kanzan' 1/2 Std - Code: 49516 <i>Deciduous, spreading tree. Spikes of fragrant double pink flowers appear in early summer followed by red fruits that turn black in autumn. Glossy, dark green leaves become yellow in autumn. Thrives best in full sun and well drained soil. Height 16m. Spread 10m.</i>	10-12cm 1/2 Std 18L	£75.00	0-5
Prunus 'Kiku-shidare-zakura' - Cheals Weeping - Code: 18453 <i>Clusters of double clear pink flowers on long weeping branches. Popular variety. Suitable for most soils and situations.</i>	10-12cm 45L	£160.00	0-5
Prunus nipponica var. kurilensis 'Brillant' - Code: 90663 <i>Chestnut-brown branches with leaves emerging as rusty-bronze in spring, turning green for summer then orange and red in autumn. Single, white flowers appear in mid-spring.</i>	4L	£12.00	0-5
Prunus 'Okame' - Code: 68798 <i>Deciduous tree with pretty pink blossom from mid March to April. This size plant will make an excellent specimen for a pot or can be planted in full sun in well drained soil.</i>	4L	£12.00	0-5
Prunus 'Royal Burgundy' - Code: 96666 <i>This Flowering Cherry is rather like a purple-leaved equivalent of the well known Prunus Kanzan. Fairly new to our range, it gives wonderful contrast to a garden with its spectacular foliage and flower display. Historically Prunus cerasifera Nigra is thought of as the choice for purple leaf interest but this clone provides real competition. A small tree with ascending branches, it forms an oval to rounded crown at maturity. Its double, shell pink flowers are set against beautiful, wine-red foliage to create an eye-catching effect. Lovely in parks and gardens but like most cherries it prefers a free draining soil. Mature height: 5-10m</i>	10L	£48.00	0-5
Prunus sargentii - Code: 34503 <i>Deciduous, spreading tree. Oval, dark green leaves are red when young, turning brilliant orange-red in early autumn. Clusters of bluish-pink flowers appear in mid-spring. Most are easy to grow but prefer some lime in the soil and dislike disturbance around their roots as these grow close to the surface.. Height 10m. Spread 15m.</i>	15L	£48.00	0-5

Prunus 'Snow Goose' - Code: 9203	15L	£48.00	0-5
Prunus 'Ukon' - Code: 42762 <i>Creamy, green-tinged flowers and bronze tinted foliage. The autumn foliage is tinted purple. Pruning lightly when the tree is young may encourage a better shape. It is more vase-like and upright habit than many other cherries (eventually 8m by 10m), spreading only with age. A very tolerant tree P. 'Ukon' is suitable for a range of climates and soils.</i>	30L	£65.00	0-5
Prunus 'Ukon' - Code: 76119 <i>Creamy, green-tinged flowers and bronze tinted foliage. The autumn foliage is tinted purple. Pruning lightly when the tree is young may encourage a better shape. It is more vase-like and upright habit than many other cherries (eventually 8m by 10m), spreading only with age. A very tolerant tree P. 'Ukon' is suitable for a range of climates and soils.</i>	15L	£48.00	0-5
Pyrus calleryana 'Chanticleer' - Code: 66324 <i>Deciduous, conical tree with glossy leaves that turn purplish in Autumn. Sprays of small white flowers appear in Spring. Requires full sun and well drained soil. Eventual height 10m/spread 5m or can be pruned when the blooms have faded in late spring.</i>	15L	£48.00	0-5
Quercus ilex Std Cone Head - Code: 85518 <i>Cone Head Standard. Frost hardy. Glossy dark green leaves, silvery grey when young. Thrives on shallow chalk and is excellent for an exposed position. Height 25m. Spread 20m. Full sun, well drained soil</i>	20-25cm 450-500cm Cone head	£470.00	0-5
Quercus robur - Code: 71590 <i>Common English Oak Native. Long lived, broad domed head, wider than high. Green lobed leaves with no stalk, pale beneath turning orange, rusty-brown in autumn. Acorns formed on long slender stalks. Open crown allows selected plants to be grown underneath. Height 12m+ Spread 8m+</i>	25-30cm 350L	£850.00	0-5
Quercus rubra - Code: 88172 <i>A fast-growing large deciduous tree with an open, spreading crown and broad leaves to 22cm in length, turning red or red-brown in autumn. Flowers greenish, inconspicuous. Full sun to partial shade, on sand, clay or loamy soil. Height 12m+ Spread 8m+</i>	08-10cm 45L	£85.00	0-5
Salix gracilistyla 'Mount Aso' (m) - Code: 40460 <i>Deciduous hardy tree with an upright, open habit. Narrow leaves are blueish-green above, silky grey beneath. Beautiful pinkish-red catkins are borne in spring before foliage emerges. Requires full or partial sun and moisture retentive soil.</i>	10L	£45.00	0-5
